Shown with TA-8 Steel Casing as example

Our new **GalXC™** material is now standard for all Timely door frames raising the quality and performance properties to the highest level at an exceptional value. **GalXC** is a Hot Dipped Galvanized product that provides superior corrosion resistance in the harshest environments while balancing outstanding surface, gauge, and shape quality.

The prefinished steel **P-Series** Pocket Door Trim Kit is used to trim out Pocket Door openings. The purpose of the **P-Series** Pocket Door Trim Kit is to make Pocket Door openings consistent with other Timely Frames on the project.

Our **P-Series** Pocket Door Trim Kits are 18 gauge prefinished steel.

Finishing options include 7 standard colors, 30 pre-matched custom colors, project matched custom colors or primed for field painting.

GalXC is easier to specify, ALL Timely frames are now made of **GalXC**, so they can be installed in any environment.

Fire ratings are not available with **P-Series** Pocket Door Trim Kits.

Mullions are not available for **P-Series** Pocket Door Trim Kits.

For use with 1 3/8" or 1 3/4" Doors. Please refer to Pocket Door hardware specifications (supplied by others) for maximum Door weight.
